In this trip, we visited several significant locations, each contributing to our understanding of history, geography, science. Some of the key points on the visited places as follows.

- ① Dolphin nose light house:- This iconic landmark provided us with panoramic views of the Bay of Bengal and insight into maritime navigation. We learned about the strategic importance of lighthouse and their role in Coastal safety.
- ② Rishikonda Beach:- This beach is known for its scenic beauty and some water activities. This beach taught us about coastal tourism and its impact on local economics. This place is a best place for tourism in our state.
- ③ Kailasagiri park:- The hilltop Park offered breath taking views and a peaceful environment.
