

The Trip helped me learn responsibility,
teamwork and discipline.

Thank you for giving this wonderful
opportunity it was both educational
and recreational.

I felt if you have come it would be
more joyful.

As feedback future trips could include

a small group activity or Reflection

time each time day so we can

note our learning clearly. otherwise

everything was very well planned.

I am grateful for this experience and

will remember it always.

Yours Respectfully

Nihira Aadya
