Dear sir,

I am expressing my real experience on the first annual day of school, we didn't feel about the change that we didn't dance in the concert, but you ~~has~~ gave an great chance of keeping stalls. I am in a food stall where we invested ₹ 7000 also we got an profit of ₹ 500, we totally got ₹ 7500.

I have a little problem that is instead of keeping 3 stalls per class you can keep 5 stalls per class for future. This was second time of keeping stalls & taking an role in stalls. The first experience of keeping stalls is so nice where I am an ~~over~~ manager also I liked that role as in the second stall I took a role of sales man & chef I nearly brought 15-20 parent & cooked chips, salads, pasta & cheese balls.

Thank you
your truly's

M. Chethan Suresh Reddy, class 8A.
