Dear Sir,

I am expressing my real experience on the first Annual day of school, we didn't feel sad about the dance in the concert, but you gave an great chance ~~of~~ to keeping stalls. I am in a food stall where we invested ₹ 7000, and got a profit of ₹ 500.

I have a little problem that is instead of keeping 3 stalls per class you can keep 4 or 5 stalls per class. ~~The~~ ~~my~~ first experience of keeping stalls way nice where I am a salesman and chef. I improved my communication skills by bringing around 10 customers and cooked sandwich and chips salad.

Thank you.

yours obediently,

~~mahe~~
