Respected sir,

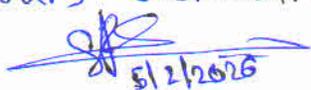

Subject: My experience of the annual day & my gratitude

Respected sir,

I am expressing my heartfelt gratitude for conducting the annual day i.e. the 20 years celebration on January 31<sup>st</sup> 2026, this is also my first annual day since I have joined.

I was also a part of the annual concert i.e. music (playing the bass guitar) in front of such great people. It felt like a very honorable position, playing in front of such great people. Overall, it was a very great experience, especially the stalls where all students created a very fun environment with the salesmen & all the parents were very happy. It was great & honorable experience for me. Thank you sir for this opportunity.

Yours Obidiently,
