Dear Sir,

I am expressing my real experience on the first annual day of school, we didn't feel sad about the dance in the concert, but you gave an great opportunity of keeping stalls. I am in a food stall where we invested ₹ 7000 & got a profit of ₹ 500.

I have a little problem that is instead of keeping 3 stalls per class you can keep 4 or 5 stalls per class.

The first experience of keeping stalls was nice where I am salesman & chef. I improved my communication skills by bringing around 25 customers and cooked Sandwich & Milkshakes.

Thank You

Yours obediently

P. N. S. Shrawan Reddy
