Respected sir,

I am N. Suhaas of class 8A in our awesome school. This letter is about the annual day I am very grateful for the opportunity of keeping stall even though we got loss by a ₹1300 I am happy for the experience. The concert was a huge success and the music and the cultural were superb and your ideas were next level. Like the people in the stalls we need to decrease the investment and we need some cheap alternatives and coordination with team members. Our investment is around ₹5300 and the sales are around ₹5000. Thank you

Thanking you

yours sincerely
