POWER OF WORDS

Declamation Competition

3 SEPTEMBER 2026 · ON CAMPUS

Our campus buzzed with eloquence and confidence as students took the stage for the school Declamation Competition.

The competition helps students master public speaking, overcome stage fright, and interpret powerful speeches and characters effectively.

It builds communication skills, boosts self-confidence, and encourages young minds to express their perspectives with passion and poise.

Speakers in costume, ready to bring famous voices to life.

Participants deliver their speeches in the school atrium.

YOUNG POET CONTEST

Poem Writing Competition

3 SEPTEMBER 2026

Our young poets showcased their creativity and imagination in the Young Poet Contest. Heartiest congratulations to all three talented poets! Their thoughtful expressions and creative writing deserve special appreciation, and we wish them many more literary successes.

The winners of the Young Poet Contest.

A PROUD MOMENT

National honours at UCMAS 2026

CIDCO EXHIBITION & CONVENTION CENTRE, VASHI, NAVI MUMBAI • 5 SEPTEMBER 2026

Master **G. Sai Tanish** of Grade 4 secured **first place** at the national level, and **Chinmayi Prathap** of Grade 5 secured the **third runner-up** position at the UCMAS National Level Competition 2026.

Tanish's extraordinary talent, intelligence and remarkable mental arithmetic skills have brought immense recognition and pride to our school.

Competing against talented participants from across the country, Chinmayi represented Kadapa with distinction and made her school and family proud. Her achievement is a testament to her hard work, dedication and perseverance.

HPS Kadapa congratulates Chinmayi and Tanish on this remarkable accomplishment and wishes them continued success in all their future endeavours.

LEARNING FOR TOMORROW

The AI Lab opens at HPS Kadapa

18 SEPTEMBER 2026 • IN COLLABORATION WITH CREYA LEARNING

Robotics kits, a 3D printer and work benches in the new AI Lab.

The Hyderabad Public School, Kadapa, has launched its new AI Lab, a modern space designed to give students hands-on experience with artificial intelligence and emerging technologies. The lab has been built in collaboration with **Creya Learning**.

It will help students build critical thinking and problem-solving skills while exploring coding, data and innovation, and opens doors to projects, workshops and real-world exposure.

OUR PARTNER

Creya Learning is a Hyderabad-based education organisation, founded in 2011, that brings STEAM, design thinking and maker programmes to K-12 schools. Its hands-on projects in robotics, engineering design and coding help students learn by building.

NATIONAL STAGE

HPS-K boys shine at the National Hockey Tournament

BANGALORE • 18-22 SEPTEMBER 2026

The boys of The Hyderabad Public School, Kadapa, participated in the ICSE National Hockey Tournament conducted by Bismaya Academy in Bangalore from 18 to 22 September 2026.

Competing in the Under-14, Under-17 and Under-19 categories, our boys put up a commendable performance and secured **fourth place** in the country. Heartiest congratulations to our talented players!

GLOBAL CITIZENS

First place at the AFS India Regional Meet, South Zone 2026

SHREE SARASWATHI VIDHYAAH MANDIR, METTUPALAYAM • 25-27 SEPTEMBER 2026

“Ripple Effect: From Inner Awakening to Global Action”

The Hyderabad Public School, Kadapa, proudly secured **First Place** in the “Ignite the Ripple” competition at the AFS India Regional Meet – South Zone 2026, hosted by SSVM Institutions and Ruh Continuum School.

The award recognised the students’ outstanding originality, creativity and innovation, particularly their ability to show a compelling journey from ideation to implementation. Their project stood out for its meaningful impact, scalability, and time- and cost-efficient approach.

COVER STORY

A landmark achievement: HPS-K at the Mayo College Debate

PADMA SHRI GIBSON MEMORIAL DEBATE • MAYO COLLEGE, AJMER • 28 SEPTEMBER 2026

Shaik Rayyan Silar and Ram Charan prepare their arguments at Mayo College.

It was a moment of immense pride and prestige for The Hyderabad Public School, Kadapa, as its students stepped onto the national stage at the prestigious Padma Shri Gibson Memorial Debate at the historic Mayo College in Ajmer.

Representing the institution were **Shaik Rayyan Silar** of Class 9A and **Ram Charan**. Adding to the significance of the event, Principal Mr. Amit Singh personally accompanied and mentored the students throughout the journey, demonstrating the school's commitment to nurturing student potential.

Stepping into an institution with such rich heritage and tradition gave the students invaluable exposure.

Through rigorous training sessions, interactions with peers from across the country, and observing high-calibre arguments, both Rayyan and Ram Charan gained significant experience. They developed key skills in structuring persuasive arguments, maintaining composure, and mastering the nuances of formal debate.

Beyond the competition itself, the journey was a profound learning experience and a transformative milestone for the participants. It highlighted the school's growing footprint in co-curricular excellence and inspired the student body to aim higher on national platforms.

“The journey served as a profound learning experience and a transformative milestone.”

GO GREEN

Plantation Day: our little green guardians

VAN MAHOTSAV • 29 SEPTEMBER 2026

To instil love and respect for nature in our young minds, we organised a plantation activity in the school garden.

The activity began with a short talk on the importance of plants: how they give us oxygen, flowers, fruits and shade. Teachers showed the children a small sapling and demonstrated how to plant it.

The children were delighted to touch the soil and water the plants, and were excited to become little green guardians of the earth. It was a hands-on learning experience that connected them with Mother Earth.

Our youngest learners plant saplings in the school garden and pose at the Green Day photo frame.

Congratulations to every student, coach and teacher who made September a month to remember.
